Having accepted the general business conditions on the reverse side of this document and the conditions for participating in the event I/we should like to lease the following items:

Amount	Title	from (the start of surveillance)	to (the end of surveillance)	days (total)	single price / € (hire charge per day)	total / €
_____	Basic surveillance package consisting of: 1 CCD colour camera 1 digital recording	_____	_____	_____	120.00 (hire charge per day)	_____
_____	Extra surveillance package consisting of 1 extra CCD colour camera 1 digital recording	_____	_____	_____	90.00 (hire charge per day)	_____
_____	Service package consisting of 1 installation of the basic package and the extra surveillance package 1 alarm service in the hall by security personnel 1 putting into operation directions and handing-over to the lessee 1 connection to the emergency call and service centre.	_____	_____	_____	100.00 (total single payment)	_____

All prices given are exclusive of the valid rate of VAT. A horizontal projection sketch, the building plan of the stand, and locations of exhibition items in particular need of protection should be included with the order, but in any case 10 working days before the start of the trade fair at the latest. Any orders arriving after this time limit will be liable to a surcharge of 25%. All sites will be checked for their technical practicalities before they are put into operation. The technical precondition is the presence of an ISDN connection.
